4. The Benefit of your grant

Please give details below of the ways in which your grant has been of benefit to the work of your group and how this benefits the community and/or individuals within the Melksham Town Council areas.

Since receiving the grant in November 2024 Splash has been able to support 16 different young people from the Melksham area. These 16 Young people attended 42 places on face to face positive group work activities. Our Splash face to face group work activities look to enhance confidence & self esteem, give young people a feeling of self worth and acceptance & develop positive relationships with their peers. Results from our recent parent/carers feedback survey in February 2025 showed the following impacts on beneficiaries:

95% of YVC reported engaging with Splash provision had helped increase their Confidence and Self-esteem.

83% of YVC reported that their Health and Wellbeing had improved since beginning engagement with

Splash.

5 Splash participants also engaged in 15 One to one /time to talk sessions with our Splash Support workers. These 121 sessions give the young person a safe place to talk with their Splash youth support worker. This in turn develops a strong relationship with the Splash Support worker, creating trust and building confidence & resilience in themselves to better cope with the challenges they face in their lives. Splash has worked closely with schools, accepting referrals, offering support to overcome specific challenges. Our Survey feedback once more showed that Splash support contributes to improving relationships in schools and improving school attendance.

**How many people in the Melksham
